CP-9301 Series lubricants are custom-blended hydroisomerized base oils. Primary benefits include:

- Extended 6,000 hour typical life
- Thermal and hydrolytic stability
- Reduced volatility
- Superior chemical inertness
- Non-toxic

These high-performance lubricants are recommended for use in flooded rotary screw compressors.

Your local CPI representative can help you determine the appropriate product and viscosity for your needs.

All CPI lubricants are Kosher, Pareve, and Halal registered.
